Story

Building on the theme of the UNCTAD14 conference, which emphasized the need to move from decision to action, UNCTAD's 15th quadrennial conference, UNCTAD15, seeks a concrete decade of action in pursuit of the Sustainable Development Goals. The conference is focused on reducing inequality and vulnerability by ensuring trade works for all and that development remains high on the global agenda. The theme, “From inequality and vulnerability to prosperity for all”, is a clarion call to work to fix the fractures across the world in favour of prosperity for all. UNCTAD15 takes place online, hosted by Barbados, from 3 to 7 October, 2021.
