WHO Press conference Covid19 & Dental care 11 August 2020

11-08-2020 | Press Conferences

Story

Speaker:

Dr Benoit Varenne, Dental Officer, Department of Noncommunicable Diseases

Subject:

Providing oral health services during the COVID-19 pandemic

WHO is releasing guidance for public health authorities, chief dental officers at ministries of health and oral health care personnel. The guidance addresses prioritization of urgent cases, screening of patients and measures to be taken in oral health services by dental personnel, administrative staff and patients.
